

## PROPOSED FACULTY FOR CITY'S JUNIOR HIGH SCHOOL NAMED

Principal Hill of Chaffey High and Upland Board Agree On Plan

CHAFFEY BOARD TO O. K.

Harold Cook of Chaffey Faculty Suggested as Principal—Other Members

Principal Merton E. Hill of Chaffey Union high school and Chaffey junior college met with the Upland board of education a few days ago and the matter of faculty for Upland's new junior high school was considered. The faculty as outlined by Mr. Hill meets with the approval of the Upland board, but will yet have to be sanctioned by the Chaffey board. If the faculty as considered is finally approved it will consist of the following:

Harold Cook, principal. Mr. Cook has been teaching in the social science department at Chaffey for three years and has the unqualified recommendation of Mr. Hill for this position.

Jas. Paulin, who has been in charge of the manual training and physical education for boys in the Upland school for a number of years, is to continue in that work.

Miss Anna Rohrig, an Upland young lady who is not teaching this year, will have charge of special work. She is a graduate of Chaffey high and has taught at Camp Baldy and in Arizona.

Julia Rugg will spend part time here in charge of the domestic science department.

Mrs. H. W. Hawkinson of the Chaffey faculty will have one period of Latin in the new junior high school.

Miss Knoles will have one period of Spanish, dividing her time with Chaffey. Miss Knoles is a graduate of the College of the Pacific, Stockton, of which her father is president.

Mrs. S. Earle Blakeslee of Chaffey will devote part time to chorus work here.

Mrs. Earl Johnson of the Chaffey faculty will teach piano as needed.

Miss Leila McClelland of Upland, another Chaffey instructor, will have one period in the new school to teach drawing.

It is proposed that all the above members of the faculty for the new junior high school here be paid their salaries by the Chaffey Union high school district, while the following instructors are to be paid in full by the Upland school district:

Miss Randall and Miss Griggs, present eighth grade instructors in the Tenth Street school, will have that work in the new junior high school.

Two young men, Wm. Andrews and Russell Dysart of Ontario, are also slated for teaching positions, according to the tentative plan.

Miss Fannie D. Noe, librarian at the Tenth Street school, is slated for that position in the new building.

From the above list of proposed faculty members it is seen that Upland's new junior high school will have the full advantage of the splendid facilities of Chaffey Union high school, which means much toward the success of the new institution of learning.

Work on the new building is progressing at a satisfactory rate and it is hoped it will be ready for use when school opens in September.

## Mr. Grahame Named Insurance Agent In West End District

J. Lynward Grahame, resident here for many years and former owner of "Flick's" service station at the corner of Second avenue and Tenth street, is today a special representative of the Western States Life Insurance company for the Upland-Ontario district.

Mr. Grahame is a member of the Upland Rotary club and has been active in civic affairs here. The Western States Life Insurance company is said to be one of the strongest companies of its kind and Mr. Grahame's appointment for this district will be another link in the rapidly growing firm.

Since disposing of his service station to Ray Flickinger, Mr. Grahame has remained in Upland, considering several opportunities for business.

## Ignorance of Law Excuses No Man

Mike Atencia of Oterbein is no doubt of the opinion that Judge Crane of this city is a "hard hearted" official. Anyway, Atencia has had a demonstration of the old saying: "Ignorance of the law excuses no man." He and his wife came driving down Second avenue on Sunday afternoon, right past the police station, with a fine yucca plant tied to the side of their car.

Naturally the Upland police could not resist doing their duty—so they had to arrest Atencia. He was given a hearing in Judge Crane's court Monday and assessed the limit for picking yuccas—\$50. The judge was somewhat "hard," even though Atencia did not know the law. As he had lived in Southern California all his life, Judge Crane was apparently of the opinion that he should know the law in that respect, at least. Atencia's wife pleaded to be permitted to take the beautiful yucca with her, but the judge was even so hard-hearted he would not let her do so.

## CLEAN-UP WEEK TO BE OBSERVED HERE

May 14-19 is Official Period For Improving Property—City Trucks to Aid

Is your property free from weeds, rubbish and tin cans?

If it isn't now, it should be by the end of next week, for starting with Monday, the city is going to observe the annual clean-up week and the city trucks will be at the disposal of the property owners in making this a clean and beautiful city.

All material to be hauled away, if placed on the curbing or in the alley, will be removed by the city trucks, according to the plans announced today by Mayor A. H. Johnson.

The city officials have asked that the residents make a determined effort to improve the looks of the city by cutting down all weeds and removing all rubbish and tin cans.

An inspection of property will be made by the city officials at the end of the week and any property, not placed in the proper condition by the resident, may be improved by the city and the expense charged to the property owner, Mr. Johnson said. A proclamation issued by Mr. Johnson will be found on another page of the News.

## P. E. Seeks To Remove Upland - Ontario Line

The Pacific Electric Railroad company has applied to the state railroad commission for authority to abandon service and remove its tracks on the Upland-Ontario line in the city of Ontario. It has also made application for a "certificate of public convenience and necessity" for the operation of a motor bus line between these two cities in place of the present railway service.

We understand there have been rumors for some time that the Pacific Electric contemplated such action as the above. There seems to be some opposition to the plan locally, but our observation has been that most of the sentiment is not antagonistic to the plan. Agent Moser is of the opinion that the same service would be maintained with the motor bus, though he has no information in the matter. The removal of the tracks would improve the beauty of Euclid avenue. How soon the tracks will be removed if granted permission we are unable to state. Motor bus service might start before the removal of the tracks, as was the case before the line running farther north up the avenue were taken up, which was about a year ago. We are not informed as to the date the railway commission will have the hearing on the request of railroad.

With a rainfall of 1.36 inches soaking their land, ranchers in Upland, Cucamonga and Alta Loma were today rejoicing over the showers that started early this week. The season's rain total was increased to 15.10 inches and the prospect for bumper crops this year were greatly improved. Total rainfall for a year ago at this time was 27.70 inches.

## UNINSPECTED MEATS WILL BE BANNED IN PROPOSED MEASURE

Business Men's Group Endorses New Measures Restricting "Outside" Firms

NEW \$24 FEE PROPOSED

Wholesale Distributors Will Be Required to Pay Tax in New Proposal

Proposed ordinances prohibiting the sale of uninspected meat in Upland, requiring a fee of \$24 a year from "outside" firms delivering merchandise and produce here, and fixing a fee of \$25 a month for "outside" firms distributing handbills here, were approved by the Upland Businessmen's association Tuesday night and today the action is scheduled to be referred to City Attorney Ralph Swing.

All the measures were approved with the idea of protecting the public against inferior and infected meat, protecting the local merchants and providing increased revenue for the city and protecting the public against the miscellaneous distribution of handbills.

Meat can be sold at present here without any inspection and when the measure is approved by the city council, all meat, except poultry and rabbits, will have to carry a U. S. Government Inspected stamp, before being placed on the market, if the ordinance becomes a law.

The annual tax of \$24 will affect wholesale distributors selling from a vehicle, "any goods, wares or merchandise."

The measure fixing fee for the distribution of handbills was given first reading by the city council last week. It does not affect local merchants, only those firms outside of Upland, distributing advertising material here.

None of these measures are at present effective, but they will be presented to the city council soon, according to the plans.

For the first time since the new board was formed, every director was present, the meeting being held in the Davis cafe. President I. J. Linkey presided, with H. C. Naylor, secretary, submitting the proposed ordinances. Others present were Ralph Ohmquist, of Charles E. Puckett Ford agency, W. C. Reynolds of Reynolds-Harnish, Allen Barr of the First National bank, Robert Klindt of Klindt's grocery, Clair E. Kirk, Men's store, and a representative of the Upland News.

Advisability of purchasing an addressograph by the association for use by all the members will be investigated by Mr. Naylor. Questionnaires will be sent to the association members.

## Upland Bankers At Group Four Meeting

The annual meeting of Group 4 of the California Bankers Assn. was held at Riverside last Saturday and E. W. Paul, H. C. Moore and R. C. Norton of the Upland Security Bank & Trust Co. were in attendance. This group includes banks in the counties of San Bernardino, Orange, Imperial, Riverside, and San Diego, and all banks represented made reports as to conditions the past year. These showed that all had prospered, without exception—there was a substantial increase in deposits and all branches of the business are in excellent condition. The local men report it the best group meeting they have yet attended, made so largely on account of the good conditions existing generally and also because of the splendid outlook for the future.

## 31 Initiated By Upland Woodmen

The Upland chapter of the Modern Woodmen of America is today one of the largest in the county as the result of 31 new members being initiated at the last meeting of the group. Representatives of 15 chapters of the lodge were present for the local ceremonies, 165 persons being at the meeting.

A. S. Throop is venerable counsel, the highest officer of the local lodge, and H. S. Fies is clerk. Those on the initiation team were G. H. Henderson, Ontario, counselor; C. F. Riggs, banker, and J. A. Burton, both of Upland, past counsel.

## Ontario Will Be Asked to Aid in Securing Resort Hotel for Upland

Cooperation from the Ontario realtors in the effort to get a palatial resort hotel on the foothills overlooking Euclid avenue, will be asked by Fred P. Margerum, local realtor, Monday, according to an announcement today.

While the site of the proposed hotel is in Upland, Mr. Margerum will point out that such an institution would be a great boost to the west end and that the project can be realized if the west end communities unite. The local man, who is president of the Ontario Realty Board, sees a great development for Upland if backing can be secured for the building. Tourists would recognize it as an ideal location from the standpoint of scenery, climate and location, he explained. Unbiased persons who have visited the site have assured Mr. Margerum that if a hotel is built, it will be a paying proposition.

While no definite site has been selected, several properties on the upper end of Euclid avenue are being considered and Mr. Margerum is in touch with the owners. Possibility of forming a company of local men, property owners near the site, is being considered.

His appeal before the Ontario realtors Monday will be the first effort made in that city for the proposed hotel.

Progress was reported today by Mr. Margerum in the plan to build the hotel. He is in touch with Los Angeles hotel men and he is assured that when the construction of the building is certain, a long-term lease can be secured.

## ONTARIO EDITOR TALKS TO ROTARY

Crombie Allen Tells Local Club of Interesting Trip to South America

The Upland Rotarians were given an interesting and amusing talk at their weekly luncheon at the Sycamores Tuesday noon by Crombie Allen, editor of the Ontario Report, who told of his recent trip to Central and South America. The speaker also told of the development of Rotary in the southern continent, the number of clubs having increased from six last August to thirty at present. Mr. Allen is one of the most popular newspaper men of this section and the local Rotarians were delighted to have him as their guest and to hear his talk.

The second district conference of Rotarians is being held in San Francisco Thursday, Friday and Saturday of this week and Harlow Wilson, Thos. Nichols and Chas. Barr are attending from the local club. Mr. Nichols and Mr. Wilson being accompanied by their wives and also being delegates from the local club. They left for San Francisco Wednesday afternoon.

## OFFICERS RELEASE STOLEN CHRYSLER

Insurance Co. Takes Charge of Automobile Stolen From Hunter

That stolen Chrysler sedan recovered at Alta Loma some days ago has at last been taken from the city hall garage—the insurance company took charge of it the first of this week. As stated in the News last week, the car belonged to W. H. Hunter of La Verne and it has now been some five or six weeks since it was stolen. The car has been driven to Petaluma and a license certificate from a Chrysler sedan belonging to Jas. Hirst was taken from his car and placed in the stolen car. License numbers on the stolen car did not correspond with those secured by Hunter but it is thought the numbers on the car were taken from a car in some junk yard. Hirst was in Upland a few days ago, upon being notified that his certificate was in the stolen Chrysler and stated he did not know his certificate was gone until notified by the police. He now resides in Pomona, having moved there from Petaluma since registering his car, which he stated was used by other members of his family, this being the reason he had not missed it.

Link Wiley of Upland, whose coat was in the stolen Chrysler when it was recovered, has not been apprehended up to this time.

Grass Sowing on Avenue Done City Engineer Manley informs us that the grass is now all sowed in the Euclid avenue parking. From the Pacific Electric station North to Foothill seed was sown, while south of that point roots were planted. Mr. Manley stated that he had both methods recommended and is trying out both to ascertain the results for his own satisfaction. No doubt the grass will soon be showing fresh and green and that section of Euclid will compare favorably with that part farther south.

Be Sure to Clean Up Next Week

## RESCUE SICK WOMAN FROM BURNING HOME

Mrs. R. E. Rich Carried Out on Mattress by Neighbors Last Friday

Mrs. R. E. Rich, who with her husband and five children resided in a five room house on the ranch of G. F. Meredith at the corner of Ninth and Mountain avenue, had a narrow escape from burning to death when the home and practically all of its contents were destroyed by fire last Friday evening. Neighbors came to her rescue and carried her from the burning house on a mattress. Mrs. Rich had just returned home from San Antonio Community hospital, where she had undergone a major operation, and was returned there.

It is said that the children discovered the fire and attempted to extinguish it before sounding the alarm. When the alarm was turned in the fire had gained such headway that the department was unable to save the home. No insurance was carried on the house. Some navel orange trees near the house were also damaged by the fire. Meredith carried no insurance on the house. Rich has been working on the ranch for Mr. Meredith.

## LOCAL LIONS HEAR DR. PAUL WRIGHT

Gave Fine Talk on Mothers, Boys and Dads at Tuesday Noon Meeting

The feature of the Lions club meeting Tuesday noon at the Sycamores was the short address by Dr. Paul Wright, pastor of the Ontario Christian church. Dr. Wright took advantage of boys' week and Mother's day to good advantage—and also brought in some fine sentiment about dad. He is of the opinion that a Dad's day would not be out of order among the many observances of the day and paid a fine tribute to dads in general.

Several splendid quartet numbers were given by Mrs. Dr. Perry, Mr. and Mrs. Lynward Grahame and Jas. Black, accompanied by Mrs. Ballou at the piano.

Ed Kirk, one of the local Boy Scouts, was present and gave a talk on the rodeo to be given soon at the Los Angeles fair grounds—and sold every member one or more tickets. Glen Atwood announced that ladies night will be held May 24. Delegates elected to attend the international convention in Des Moines in July are Willis Mehl and I. J. Linkey, while President Norman Lawson, V. H. Wilson and Fred Williams will represent the club at the district meeting in San Jose on June 8 to 10.

## Charged With Non-Support

Upon complaint of his former wife, Mrs. Goldie M. James, Ernest W. Folsom of Victorville, was arrested on a charge of failure to provide. Chief Sawyer going over to Victorville after him and his hearing having been before Judge Crane Tuesday. At the time of their divorce Folsom was to give \$50 per month toward the support of the children, which he has failed to do. Upon promising to do the best he can, the case against Folsom was continued until July 10.

There was also a similar case against Miguel Avila, but it was dismissed when it became known he is incapacitated by ill health.

## CORPORATION BEING FORMED TO SPONSOR DRIVE FOR AIRPORT

Intensive Campaign Planned to Convert Site Into Field For Air Pilots

MANY ADVANTAGES SEEN

Aircraft Manufacturing Plant, Great Population Increase May Be Result

Formation of a corporation to sponsor the proposed airport project was underway today, while representatives of Upland, Cucamonga and Alta Loma were working on details in securing the field, near Red Hill, into one of the best ports in the southland.

As soon as the corporation organization is complete, an intensive campaign will be launched to secure backing in converting the field, near Red Hill, into one of the best ports in the southland.

City Will Be Mecca Realizing that the day when ownership of a private plane for pleasure will be very common is not far off, and that the city with a modern airport will be the mecca for hundreds of pilots, local civic leaders are uniting to place Upland in the front. They are getting assurance from plane manufacturers that a great development will follow establishment of a port.

The new corporation and the proposed air field are being sponsored by the Upland post of the American Legion. H. H. Thomas was named temporary chairman and C. E. Kirk was elected temporary secretary at a meeting of a group in the Davis cafe last night. Within a week, it is expected that a charter will have been received from the state corporation commissioner and a campaign will be launched for finances.

Details in securing the field and formation of a corporation was discussed at this special meeting of civic leaders. Those present were Robert Klindt, Harlow Moore, commander of the local American Legion post, W. W. Horack, William Avery, president of the chamber of commerce, G. A. Hanson and Dale Richardson.

What will be the advantages of having an airport here? Answer to that question is giving the leaders encouragement. As there is no Class "A" field between Los Angeles and March field, Upland is the logical site for an airport large enough for any plane. The Western Air Express will aid in the project as the proposed site here is under the air mail route to New York. Two pilots are desirous of getting the local field as a place to give instruction and revenue from this source will be almost enough to place the project on a paying basis.

May Get Industry With the rapidly expanding aviation industry, more plane manufacturers will be established in Southern California and when the local field materializes aircraft authorities have expressed the belief that a plane industry will be established here. Only men of the highest type are employed to make planes and if the factory can be secured here, it will mean an added population of approximately 3000 persons.

One eastern manufacturer is now producing 50 planes a day, it is reported. But the eyes of the air industry are on Southern California and as soon as a field in the right location is established an aircraft factory will be established. On the belief that the local project will attract the attention of a plane manufacturer, in addition to many allied industries, the local men are optimistic over the future and are doing everything possible to get a field here.

As an indication of the rapid growth in the air transportation, the Western Air Express this week started a passenger service from Los Angeles to San Francisco, the trip being made in three hours. A person wanting to make the trip, can call the field, a taxi will be sent for the passenger, and within a short time he can be in the air for the north.

Miss Hall in Play Miss Marian Hall, of Upland, a student at Carleton college, Northfield, Minn., has been selected a member of the cast of the annual May fete, an outdoor pageant that draws thousands of spectators to the college, and which this year will be given on May 19.

## Bank Clearings Make Great Gain

The bank clearings of the Upland and Ontario banks for last week show a remarkable increase over the corresponding week a year ago.

In Upland last week the total bank clearings were \$1,051,540.68, as compared with \$654,228.10 the same week in 1927, showing a gain of \$397,312.58. The clearings for the Ontario banks last week were \$1,053,213.84, while for the corresponding week in 1927 they were \$664,876.75, showing a gain for that city of \$388,337.09.

The total clearings for the banks of the two cities for last week and the corresponding week of 1927 were \$3,104,754.52 and \$1,318,904.85 respectively, showing the immense increase of \$1,785,849.67.

One of the remarkable things about the above figures is the fact that the Upland banks show almost as great clearings for the week as those of Ontario. This is not the case right along, however.

## CHANGE PLANNED IN PRE-SCHOOL CLINIC

Parents Asked to Phone School Nurse Tonight For Saturday Appointment

All parents intending to bring their children to the pre-school clinic in the Red Cross rooms Saturday should telephone Mrs. Lottie K. Fuller, school nurse, tonight, according to an announcement today.

The appointments are necessary so that Mrs. Fuller can arrange the dates to include everyone. Her telephone number is 251-R.

Mrs. Fuller has asked that the parents bring their children at 9:30 o'clock Saturday, instead of 10 o'clock. Mrs. Harriet Fleming will send some of her health students to assist.

Dr. Claude P. Mengle, local optometrist, who has a certificate from the state board of education for health and development work in the schools, will be present to examine eyes of the children.

## Professor Cookman Tells of Bird Study

Two hundred Upland boys of grammar school age met at the city park on the corner of Second avenue and D street on Monday evening for the first local fathon of national Boy's Week.

Following the picnic supper, the boys played games on the lawn until the arrival of the speaker, Alfred Cookman. Each boy received numerous weiners, buns, two bottles of pop and several slices of ice cream. Service for the meal was provided by the American Legion and the assistance of Fletcher Manker, chef for the crowd.

Taking the subject of birds and especially adapting it to the occasion, Professor Cookman told of the value of birds. Their worth as destroyers of insects and rodents was stressed. Birds which excel in flight, beauty and usefulness were described, and shown to the boys as the speaker had a number of stuffed birds with him.

Members of the three local service clubs and the American Legion combined their efforts to give the supper to the boys and their fathers. Lions had charge of the program and secured Professor Cookman, who is a well-known authority upon the subject of birds, the Rotarians prepared the meal, and the 20-30 group advertised and interested the boys in the affair.

## Victims of Fire Given Help

Friends turned a life of destitution into one of thankfulness and happiness today for the R. family, whose home was destroyed by fire last week. The family of father, mother and five children lost all their possessions in the fire, but due to the efforts of Mrs. E. E. Bowman, Ontario, and Welfare organizations, the family is today in a completely furnished five-room house on Nocta street, Ontario.

The home was not only furnished, but clothes were given to the family.

## NEW BUILDINGS AT CHAFFEY ASKED AS ENROLLMENT GAINS

Prof. Hill Recommends Great Expansion Program to Care For Growth

REVISED STUDY NEEDED

New Departments May Be Added to School as Feature of Improved Program

Recommendations calling for an extensive school building program and a greatly revised system of education are today being considered by the school board of the Chaffey Union high school district. Merton E. Hill, principal, submitted three recommendations, pointing out that the changes should be made because of the rapid increase of enrollment, principally from Upland and Fontana.

The recommendations provide for the establishment of a department of junior high school education. The present departments include Chaffey Union high school, Chaffey junior college, department of adult education and department of part time education.

The second recommendation is that the present courses of study be reorganized and that the courses of study eventually include junior high schools, senior high school, industrial high school for foreign groups and for adults.

The third recommendation suggests an extensive program of building, which if carried out will amply provide for the school system's growth in the next 10 years. This recommendation includes adoption of a building program to erect a girls' gymnasium, library, junior college, academic building, a commercial building, industrial high school for foreign pupils and adults; appointment of an architect to draw up tentative plans that should form the basis for estimating the amount of bond issue needed to effect the program.

There is a strong tendency at the present time to reorganize the school system on a 6-4-4 basis, Mr. Hill said. This plan is for elementary schools to include the first six grades; junior high schools to include grades seven to ten and a new junior college to include grades eleven to fourteen.

Such a plan would be hard to develop in a union high school district, according to Prof. Hill, but it provides a basis on which the school board can figure in its program to care for the increasing enrollment. Chaffey's departments the first three quarters of this school year have an enrollment of 4330, which by daily average attendance will be a 10 per cent gain over the increase of last year.

## Many Requests For Upland Literature

Secretary Clair Kirk of the Upland Chamber of Commerce has received another request from the Pacific Electric Railway Co. for literature concerning this city. Complying with a similar request about the first of the year Secretary Kirk sent about 200 folders to this company. The present request is for 500 copies. The Pacific Electric maintains an information bureau from which it mails out literature regarding cities and communities about which requests are received and this second request for folders coming so soon after the former one is evidence that many requests are being received for information regarding Upland.

Our city has many advantages and people from the east should be attracted here for that reason. It is a beautiful little city and the surrounding country has its attractions also.

## Dollar Sunday Pass Popular

Agent Moser of the local Pacific Electric station tells the News that the \$1 Sunday passes on that line are proving decidedly popular. Last Sunday was the second Sunday they were in force and on that day eighty-nine were sold at this station. The previous or first Sunday there were thirty-nine sold.

The \$1 Sunday pass on the Pacific Electric entitles you to ride anywhere on the P. E. west of Upland, except the Mt. Lowe line. The pass is good from early Sunday morning until 2 a. m. Monday. It is good on motor buses as well as on the interurban and street car lines. With it you can visit all the beaches on that day.

## MOTHER

She's not what the world calls famous,  
Her name is not known far away;  
Her picture's not painted by artists,  
And her hair has a touch of gray.

Her voice does not still the nation  
With the magic of classical song;  
Her eyes are blue and faded,  
Her journey has been long.

But to me the gray is silver,  
And the sound of her voice is dear  
As the music the angels are singing,  
When heaven and earth meet near.

And the look in her eyes so tender  
Has guided my faltering step  
Away from the sham of earth's follies  
Into pathways she's always kept.

And I stop 'mid the maze of life's rushing  
With thanks in my heart night and day  
For this wonderful pal, my mother,  
Who knows me, yet loves me always.

## MOTHER'S DAY

Sunday is Mother's Day. Surely the observance of Mother's Day is one of the most worthy tributes—and one of the most deserving. Nobody can estimate the value of a good mother—and most mothers are good. Many mothers may have their bad qualities, but when it comes to the mother instinct they are practically all doing their best for their children. It is indeed almost impossible to imagine a mother teaching her children anything that is not strictly ideal in every respect. A mother wants her sons and daughters to grow into the kind of men and women of the very highest type. She wants them to be prosperous and be able to enjoy the comforts and luxuries of life, but above all, she wants them to grow into the kind of men and women who are clean spiritually, mentally and morally. She will sacrifice in every way for their benefit. In fact, the worst thing that can be said about many mothers is that they have sacrificed too much for their children—made things too easy for them, and thus failed to impress upon them the value of the things they have been given at the sacrifice of Mother.

From the cradle to the grave the influence of a good mother is felt. It is mother, more than anyone else, who molds the character of her children. Her influence is constantly upon her children—she is with them much more than the father. And the boy or girl, man or woman who has been deprived of the influence and teaching of a mother has had one of the greatest misfortunes to overcome.

That little word Mother is one of the sweetest words that can be spoken. In it is contained all that is good. So when Mother's Day comes Sunday wear a flower in her honor—white if she is gone and red if she is still among the living. And if she is far away, sit down and write her a letter—how long has it been since you have written her? A letter from you in which are expressed words of love and appreciation will mean more to her than you can ever imagine. No matter where you are—or how bad you are—it is not for long that her thoughts stray from you.

Boys and girls, who are yet at home with Mother, don't cause her any annoyances and worry. Be good to her. Many will be the day when you are grown to manhood or womanhood that you will look back with regret at the numerous things you will wish you had not done to cause her sorrow. Of course you appreciate your Mother—then show her that you do by being good to her. Mother's day is a good time to tell her how much you think of her and the best way to demonstrate the fact is to be good to her the whole year—and every year—and to grow into the kind of man or woman she wants you to.

## COST OF WAR

The League of Nations has just published an official compilation showing that the World war cost 10,135,000 human lives. To this figure is added increased civilian mortality of 6,016,000 directly attributable to the war. The statisticians estimate the diminution of births as a result of the war amounting to 20,850,000—a total cost to humanity of 37,000,000 lives.

And for what? After ten years the world still totters over the war precipice, and has made no ap-

preciable progress toward maintaining international peace. Every nation in the world except the Netherlands and Germany are bending every energy to increase air fleets, armies, navies and defenses against threatened aggression.

The world has not been made safe for democracy and the right of self-determination has become a pitiful joke, while politicians quibble and quarrel over means and methods that mean nothing. The cost and the loss in human lives and property should serve as a sufficient warning that such things cannot and will not endure. In every nation of the world there is a growing discontent and protest against the war burden, and the nation or nations that persist in the policy of force instead of justice, value instead of virtue, will be the first to crumble under enlightened public opinion.

## THE AUTO OF THE FUTURE

Some startling predictions concerning the appearance of automobiles of the future were recently made by a French manufacturer, who declares that present models are ridiculous from a practical standpoint. This manufacturer states that automobile designs are based on the idea that it is merely an improved wagon or carriage, whereas it is entirely a new instrument of transportation demanding a complete departure from old conceptions of what a vehicle should look like. He says:

Automobiles have springs and axles because grandfather's carriage had them, but they are idiotic. The gear box is a horror.

He thinks the future automobile will have an all-metal body shaped like a submarine to reduce wind resistance, wheels enclosed, tires mounted over rolls of gum, the brakes, no axles, no gear to shift, seats in front with electric motor behind, using storage batteries which may be purchased at any crossroads store, and so on.

Whether this manufacturer is correct as to details remains to be seen, but it is safe to say that the automobile of 1950 will be a very different machine, both in appearance and operation, from that of 1928.

## COMPETITION AND CHANGE

Change is the immutable law. Eternal adaptability is the price of survival. Competition and change march together as one. Together they plan new things to supplant old ones. To dominate new markets and fields and to wrest the patronage from old-time customers and customs. Together they see to it that a commercial house of a century's standing may be destroyed with bewildering suddenness.

At the same time an infant enterprise becomes overnight a national institution. Wreck and ruin are the inexorable toll of business unpreparedness. Bradstreet attributes 40 per cent of the failures to "incompetence" and "inexperience." Ignorance is a plainer word.

The men and firms in that 40 per cent were no match for changing conditions. Competition saw to that. Competition never rests. Competition may be life and trade but it is also death of traders. Yesterday is yesterday—"the good old days" pay no dividends in the present. Gone are the fancy vests, the night shirts, home cured meats, the home made bread, the high wheeled buggies, etc.

## DO YOU KNOW?

Do you know that while dry United States has but seven per cent of the population of the world, the people of this country carry 71 per cent of all the life insurance of the world?

Do you know that dry United States has 46 per cent of the gold, and 52 per cent of the bank deposits of the world, as well as 83 per cent of the automobiles and more than 60 per cent of the telephones?

Do you know that while the United States tripled in population in the past 50 years bank deposits are 26 times greater than they were 50 years ago?

Do you know that savings bank deposits have doubled since Na-

tional Prohibition became effective?

A Pennsylvania judge inaugurated a new method of dealing with careless drivers who cause accidents or injuries to others. Instead of simple fines they are sentenced to compensate their victims along the lines provided for in compulsory liability insurance. If courts generally would adopt this plan it might meet the weak points and objections to compulsory insurance by putting the burden directly where it belongs, providing the guilty party possessed sufficient assets.

And now comes the waitresses in that chain of fancy New York tea rooms who admit they have been paying \$10 per week for the privilege of waiting on tables. But they also say they average better than \$10 a day from tips and they are glad to pay for their jobs. Not only that, but there is always a long waiting list of those who are anxious to pay the price for the jobs. The world "sure do progress" when people are just hanging around to pay for getting a job.

An Arkansas editor suggests: One friendly competitor is worth ten friendly customers. Business men who are in the habit of exchanging brickbats with their fellow merchants can find a lot of food for thought there.

Didn't that Chicago man have the cool nerve who tried to commit suicide by sawing off his head. It takes some man to not lose his head when he is cutting it off.

## Other Editors' Ideas:

San Francisco Chronicle: The new model woman who covets "boyish lines" never saw "Skinny" and "Warts" on the bank of the old swimmin' hole.

San Bernardino Sun: One of the surviving Indian carvers of totem poles is said to be Chief Wah-Cah-Dub, of the Snoqualmie tribe of Washington. There are a lot of white carvers who are dubs also.

Beverly Hills Citizen: The extinction of the male is coming about. Can hatch chickens now

## CUCAMONGA - ALTA LOMA WEEK'S NEWS

### Two Young Ladies to Teach in Hawaiian Islands—Shower For Bride-to-be

As a closing event of delightful sociability employees of the Cucamonga Citrus Fruit Growers association at Santa Fe Tracks united in their annual farewell celebration as the navel packing season drew to a close, on last Thursday afternoon, choosing as the scene of their festivities the East Fourth street park in Ontario. Between thirty and forty were seated at a long bountifully laden picnic table. N. H. Garrison, manager of the local exchange, presided and "kept the ball rolling." J. A. Hall, president of the board of directors, and James McCorkindale, director, were present and each called upon for a speech. Games and social chat rounded out a very happy evening for everyone.

One of the delightful as well as successful events of the week end was the Dollar and Donation party for the David and Margaret Home in La Verne given Saturday afternoon by the Community Church Women's Home Missionary Society at the home of Mrs. J. C. Powellson in Hermosa avenue, a large number of guests attending. An entertaining little program of music and recitations was put on by the children, who also brought as their contribution for the orphan children of the Home, many fresh eggs, jelly and jams. Dainty refreshments were served by the committee in charge and a tidy little sum in dollars was raised towards the society's pledge given annually for the D. & M. Home.

The Cucamonga Women's club, which was to have met on Thursday of this week, has been postponed to Thursday of next, May 17th, and an unusually interesting program in charge of Mrs. W. I. Pinckney, will follow the annual election of officers. The meeting will be held at the home of Mrs. J. C. Powellson of Hermosa avenue.

The following officers were installed at the Sunday evening meeting of the Epworth League of the Community church: President, L. L. Foster; first vice president, Miss Margaret Emery; second vice president, Miss Marybelle Rupp; third vice president, Miss Wava Hively; fourth vice president, Wallace Stoebe; secretary, Miss Luella Whitney; assistant secretary, Miss Marjorie Blain; pianist, Miss Isabelle Emery. Splendid reports of the recent district convention of Epworth Leaguers were given during the evening church services by the four young ladies attending from here, Misses Lorine Parkin and Isabel Emery, delegates, and Misses Wava Hively and Iola Wangler.

Mothers' day will be fittingly observed at the Cucamonga Community church next Sabbath. Rev. Donald Clary, pastor, preaching both morning and evening, with the evening services devoted to music and song, with a short and appropriate talk by the pastor, being sponsored by the Cucamonga Women's club. Members of the club will attend the service in a body, while a reception committee will distribute roses to everyone in honor of Mother. Evening service at 7.00 p. m.

Plans for a live, progressive Community church are now about perfected, almost the entire amount of the budget now having been subscribed, over \$4000.

The community may now congratulate itself on reaching the desired goal and realizing that the Community church is about to become an established fact. Through the Alta Loma Realty Co., the Cucamonga Mortgage Co. has sold the last two remaining two acre lots of the Loma Heights tract, Alta Loma, to Rupert Dishman of Ontario, who plans to erect a new home on his property. Mr. Dishman, with his family, formerly lived in Alta Loma.

The Aloha dinner club held their final party of the season on Thursday evening, Messrs. W. J. Kincaid and B. H. Wilson of the committee on arrangements, having chosen the Red Hill Country club as an attractive setting for their farewell get-together dinner and evening at cards. Attractive prizes in the tournament were awarded the winners by the club.

Mr. and Mrs. Tom Gilbert and family of South Pasadena were visitors Sunday at the home of Mr. and Mrs. Henry Albert Sr. Mrs. Elizabeth Chafe and son Roy, who enjoyed a week end visit at the home of their daughter and sister, Mrs. A. C. Beattie and family, left by motor car Monday morning for their home in San Diego. Miss Margaret Beattie returned to her Normal school studies at San Diego Sunday evening.

Ms. W. J. Kincaid returned from Los Angeles last Thursday, after a five day visit with her daughter, Mrs. Walter Frank Keen. She was accompanied by her young grandson, Howard Keen, who is visiting here this week.

Mrs. W. I. Pinckney will be hostess on next Tuesday at her home on Ramona avenue, her guests being members of her Charter Oak club, who are motoring over for the day.

Miss Mary Albert accompanied Mrs. Amy Hawker on a trip one day recently to the Mission Play in San Gabriel.

Mr. and Mrs. H. W. Minor and children of Alta Loma, motored up into the Santa Clara valley on Sunday to view the site of the St. Francis dam disaster.

Henry Albert Jr., who is now back again in the Redlands office of the Motor Transit company, spent a few days last week visiting his parents, Mr. and Mrs. Henry Albert Sr. of Alta Loma.

During his stay, Mr. Albert and his son motored up to Fillmore and the locality flooded by the breaking of the St. Francis dam. Another trip of interest was taken to Mill Creek canyon and the Rainbow Trout club.

Rev. Donald Clary and family motored to Los Angeles for the day on Monday.

Making up a party motoring to San Gabriel and enjoying the Mission Play, now in its closing week, were, Mrs. E. R. Hively, daughter Miss Wava, Miss Iola Wangler, Alta Loma, and Mrs. Vincent Roth of Ontario.

Messrs. S. P. Kincaid, John Williamson and others, made an early morning trip to Balboa Beach Monday, where they expected to enjoy a little deep sea fishing, returning home in the evening.

One of the smartest Bridge luncheons of the week was that given by Mrs. Henry G. Klusman at her home Wednesday afternoon to the Alta Loma Bridge club and a number of invited guests. Emphasizing the lovely pastel motif, many graceful baskets and bowls were employed in decorating the living rooms and the individual luncheon tables, the whole blending harmoniously in garden effect. Dainty pink flowered nut-cups marked places for the following club members:

Mesdames Gilbert Dize, W. H. Horst, W. H. Converse, Chas. F. Strieby, W. C. Belden, H. L. Salisbury, B. H. Wilson, W. J. Kincaid, Chas. B. Motsinger, E. S. Bishop, Franklin Roth, Ontario, Klusman; and guests of the afternoon, Mesdames H. H. Thomas, Cucamonga; Robert Price, John Hoover, Ontario, and W. P. Morton of Salt Lake City. In the auction play following the luncheon hour, Mrs. Motsinger was awarded a pretty prize for making high club score, while to Mrs. Thomas, a dainty gift as consolation.

Another delightful affair honoring a June bride-to-be, Miss Dorothy Oliver of Ontario, was given by Miss Ann B. Pratt Monday evening at the home of Mrs. E. J. Hill, 428 No. Euclid avenue, Upland. Requested by her principal, Miss Pratt of the Cucamonga South Side school, to meet that evening at a teachers' meeting to be held at her home, Miss Oliver arrived prepared for work, which changed to a glad surprise when the entire staff of Cucamonga school faculty and members of the school board, Mesdames F. B. Van Fleet, Jos. Vizio and V. S. Davis, greeted her with congratulations, and a jolly social evening followed with fascinating heart games, candy prize and other appropriate fun producers. The entertaining hostess, Miss Pratt, assisted by Mrs. Hill, then presented each guest with a package, which when opened proved empty but for numerous written jokes, all except the honoree's, which contained a very handsome linen set of table cloth and napkins, accompanied by merry notes and comments written by each teacher of the school. A particularly lovely decorative scheme was carried out by the hostess in pink. The same heart motif was noted in the moulded ice cream, heart shaped cakes, bon-bon cups of rosebuds and a beautiful bride's cake topped with tiny bride and groom. Miss Oliver, whose engagement was announced recently at a party in her honor, will become the bride of Alma Van Fleet, son of Mr. and Mrs. F. B. Van Fleet of Cucamonga, in an early June wedding. Bidden to honor Miss Oliver were the following guests: Mrs. F. B. Van Fleet, Mrs. Jos. Vizio, Mrs. V. S. Davis, Cucamonga; Mrs. Martha Boone Wilcox, Cucamonga; Mrs. Rowena Craft Pickett, Mrs. Etta Wise, Mrs. Naomi S. Linn, Mrs. Irma B. Jones, Miss Eleanor Manak, Miss Ola Blanchard, Mrs. F. J. Hill.

To Teach in Hawaiian Islands Miss Marian Belden, daughter of the late Judge W. C. and Mrs. Belden, and for the last four years or more, principal of the Alta Loma school, cabled her acceptance this week to an advantageous offer of a position on the teachers' staff at the junior high school at Honolulu, Hawaiian Islands. Also, Miss Margaret Strieby, cousin of Miss Belden, whose application for a position in the Island schools received favorable consideration, sent her acceptance of a position in the junior high school at Hilo, 140 miles from Honolulu. The young ladies will leave to take up their future work in Hawaii, some time in August, and will be accompanied by Miss Belden's mother, who will spend the year there with her daughter. Miss Strieby is graduating this June from the University of Southern California in Los Angeles.

Commencement exercises will be held at the Cucamonga South Side school on Monday evening June 4, with Prof. M. E. Hill of Chaffey high school the speaker, with presentation of diplomas by Miss Ida M. Collins, county superintendent. There will be a nice musical program featuring the evening event.

Mrs. H. G. Klusman entertained as house guests on Wednesday, Mrs. Robert Price and Mrs. John Hoover and small daughter of Ontario, and Mrs. W. P. Morton of Salt Lake City. Mr. Price and Mr. Hoover joining the party at dinner that evening.

Mrs. E. H. Rupp entertained Wednesday Mrs. E. M. Mullen of Inglewood, wife of Rev. Mullen, pastor of the Cucamonga M. E. church a few years ago.

Miss Helen Keyes, who spent the week end visiting friends at Coronado Beach, San Diego, is expected home from El Segundo this week end to visit her parents, Mr. and Mrs. Geo. E. Keyes.

Mr. and Mrs. Chas. F. Thorpe are anticipating with much pleasure the arrival next week of the former's sister, Mrs. Katie Sinclair from Chicago, who will visit them here for a time before journeying on to San Diego to join her son.

Mrs. Walter Frank Keen of Los Angeles, who came Wednesday, visited her parents, Mr. and Mrs. W. J. Kincaid, returning home on Thursday with her small son Howard, who had been visiting his grandparents.

Sunday, May 20, will be Fathers' day at the Cucamonga Community church, when all members of the Junior Boys' club will attend the services with their parents. Sunday, May 13, will be honored as Mothers' day at the church.

Mrs. Frank Hedges of Santa Monica, formerly of Alta Loma and for the time living in Upland, will be a guest at the home of Mr. and Mrs. Geo. E. Keyes Friday and Saturday. Thursday she was entertained at the home of Mr. and Mrs. W. H. Rupp.

Chas. Beckley received the sad word of the death of his oldest brother, Elmer Beckley, at his home in North Dakota last Saturday. He is survived by two brothers, Chas. of Alta Loma and George of Idaho, and one sister, Mrs. O. C. Roberts of Long Beach.

Louis Ramsel, of the Cucamonga post office, is driving a new model of two door Ford sedan.

R. E. Drumm is the new owner of the Highway Soda Grill in the Klusman building, Mr. Drumm

buying out Mr. and Mrs. Bert D. Gipson. The Drumms came to Cucamonga about three months ago from Arizona, and the former has since been employed at the Ray R. Ford service station until buying the soda grill.

# Now! Big Savings for You

in transportation costs

Red Cars reduce fares 10 to 45% on all one way and round trip interurban fares. Sunday passes introduced. Note how you can benefit.

YOU can now ride on the Big Red Cars at a lower cost than ever before. At a cost less than any other form of transportation in Southern California. At interurban rates which are the lowest in America.

If you have been going to and from the city by any other method, these new low rates now make it possible for you to save materially by riding the Big Red Cars.

If you have been riding the Red Cars previously on a one way or round-trip basis, the new plan saves you from 10 to 45% over the old fares.

### COMMUTATION BOOKS

For some time past commutation fares have been below the actual cost of rendering service. To put such fares more nearly on the basis of actual cost, a slight increase in commutation rates has been established. Commutation books have been simplified also. Now only three are available.

1. A 60-ride book to be used within 40 days for individuals who use the Red Cars daily or very frequently.
2. A 46-ride book to be used within 60 days for students under 19 years of age who are attending institutions of learning.
3. 30-ride family book to be used within 90 days between all points east of Pomona.

For Sunday riding a unique system of passes has been arranged.

### \$1.00 SUNDAY PASS

For \$1.00 you can ride all day Sunday over all Pacific Electric lines west of Upland, except Mt. Lowe. You merely purchase the pass from your nearest agent or conductor. Ride to the beaches, to the San Fernando Valley, the harbors, to Los Angeles, Hollywood or anywhere you please. No tickets. No red tape. Just show your pass whenever you board a car or motor coach.

### \$2.50 SUNDAY PASS

For \$2.50 you can go anywhere on the Pacific Electric system, including Mt. Lowe. Visit Redlands, Riverdale, San Bernardino, Corona, the beaches, the harbors, Mt. Lowe, the San Fernando Valley—go anywhere you wish—all for \$2.50.

### START TODAY TO SAVE MONEY

Adapt these new low fares to fit your particular needs. Take advantage of the new Sunday pass arrangements.

For further details ask any station agent or information bureau, or mail coupon below.

## ANNOUNCEMENT

We take pleasure in being able to announce the election of Mr. J. Lynward Grahame, of Upland, as our Special Representative for the Upland-Ontario District.

Mr. Grahame is too well-known to need any comment from us, but this regarding his new connection: WESTERN STATES LIFE is a California Company doing business in all Pacific Slope States, and has over \$100,000,000 in force in California.

Our New Complete Protection policy is "up-to-the-minute" in every respect, and unusually liberal in many features—particularly Accident and Disability Benefits. For instance, THREE TIMES THE FACE OF THE POLICY FOR ACCIDENTAL DEATH WHILE RIDING IN A PRIVATE AUTOMOBILE.

Hope you'll let Mr. Grahame show you the policy.

## Notes of Society

## P. E. O. Convention—

Mrs. W. H. Andrews, 2049 North Euclid avenue, president of chapter DV P. E. O., is attending the state meeting of the organization at Pasadena May 9 to 11.

P. E. O. Chapters of Pasadena, Glendora, Monrovia, South Pasadena and Arcadia are acting hostesses for the state convention.

Registration began Wednesday morning and the meeting officially opened in the afternoon. In addition to Mrs. Andrews, other members of the local chapter expect to attend single sessions of the conference.

Mrs. Ola B. Miller, president of the supreme council, and Mrs. Winona Reeves, editor of the P. E. O. magazine, will be additional guests of the supreme board.

## Mrs. Bruce Moore Hostess—

At a delightful bridge party given at her home on Monday evening, Mrs. Bruce Moore, 140 F street, entertained a group of friends.

Seven o'clock dinner was served to the 12 guests around the small tables which were decorated in the yellow and green motif. Canned and fresh fruit were used on the dinner tables and about the rooms.

Bridge was played during the evening, the high score going to Mrs. Helen Duncan while Mrs. Karl Kaiser received the consolation prize.

Guests present at the affair included Mrs. Helen Duncan, Mrs. Owen Davis, Mrs. George Caspell, Mrs. Karl Kaiser, Mrs. Robert Schaefer, Mrs. Marion Grother, Mrs. Ardy Mills, Mrs. Orville Chilton, Miss Lillian Ware, Miss Hannah Chaney, Mrs. Irma Karr and the hostess, Mrs. Moore.

## Young People's Dance—

Inaugurating an event which may become one of the regular social affairs of the calendar, the Upland Woman's club are sponsoring a smart sports dance at the club house this evening. This dance is given in honor of the young people of the high school and junior college.

As it is to be a sport dance, those who attend are expected to wear sport costumes. For the occasion, a special orchestra has been obtained from Claremont and will provide good music.

For those who wish to play cards, there will be tables provided. Patronesses for the sport dance are Mr. and Mrs. Thomas Harris and Mr. and Mrs. J. Emory Sargent.

All those in the community who are interested in the young people's dance are invited to attend this affair, and it is hoped that a large number of loyal young people will attend, insuring a repetition of the event.

Those on the floor committee are Mrs. Owen Atwood, Mrs. Elmer C. Bowden, Mrs. J. F. Sawyer, Mrs. Elmer Mathews and Mrs. G. T. Morris.

## Miss Worthy Feted—

In honor of Miss Lela Worthy, 759 1/2 Second avenue, whose engagement was recently announced to Bruce Hawk of Ontario, Miss Margery Cooper entertained a group of friends on Wednesday evening.

The shower was in the nature of a surprise to the guest of honor. When she returned after a brief errand, she was greeted by a host of her college classmates. Linen gifts of unusual

attractiveness were presented to Miss Worthy by her friends. A delightful evening was enjoyed by the bride-to-be.

Those present were the Misses Lela Worthy, Irene Jennings, Juanita Lutz, Nellie Topliff, Elizabeth Craig, Edith Pittenger, Mable Cooper, Edythe Lewis, and the hostess, Margery Cooper.

## Women Students Hear—

All women students at Chaffey junior college were privileged to hear Miss Marion Brooks Eyre, assistant professor of psychology at Pomona college, speak on Habit Forming in Conference Hall on Wednesday afternoon.

Miss Eyre discussed and described the various "selves" which persons have, such as the school, social, home and private self. In order to build the private self, the young women were urged to adopt the best habits.

## Mrs. Jacobs Entertains—

In honor of Mrs. Montrose McCann, retiring president, 150 members of the Pomona Y auxiliary were present at a reception given Friday by Mrs. John Jacobs at her attractive home on Euclid avenue.

Every year the auxiliary are entertained by Mrs. Jacobs, but the reception was an added feature to the annual affair. Unusual and clever gifts were presented to Mrs. McCann. Mrs. O. A. Yingling, also of Pomona, is the succeeding president, and arranged the reception for the retiring officer.

Cakes, decorated with various designs, were given to Mrs. McCann by the leaders of the different sections of the auxiliary. Members of Garden Beautiful, gymnasium, swimming, parliamentary law, domestic science, service committee, China painting, Bible and chorus each aided in the presentation of the cakes, which were later cut and served at the luncheon. The Friday morning Dramatic club was also represented in the array of gifts.

Other presents given Mrs. McCann included a motto, several red flower baskets made by the auxiliary class and a pretty hand-painted dish.

An elaborate program was given to the guests. Readings, piano and vocal solos, clog dances, a toast and a Spanish dance were among the numbers.

## Mrs. Winter Attends Conference—

Mrs. Una Richardson Winter, East Ninth street, president of the southern district of the California Business and Professional Women's clubs, will attend the district conference at Glendale on Saturday.

This meeting is the last gathering before the district convention in San Diego in June. At the Glendale meeting Saturday, announcements of the program and entertainment of guests for the later conference will be made.

Special program for the meeting on Saturday has been arranged by Miss Matilde Martin, program chairman. Community singing, a whistling solo, vocal solos, a reading, a violin solo and song and dance numbers are on the program.

Executive board members will meet at the home of Mrs. John Robert White at four o'clock in the afternoon, and a six o'clock dinner will be served at the clubhouse.

## Firemen's Monthly Dinner—

About fifteen members of the Upland fire department enjoyed their regular monthly dinner and social evening at their cabin up near Camp Baldy Monday. Glen Atwood and Hubert Manker composed the committee to prepare

Modern Woodmen have regular meeting at I. O. O. F. hall at seven-thirty.

the eats and served a delicious dinner consisting of mountain trout and all the trimmings. After the dinner the boys played cards and had a general good time. Besides the committee the following were also present: A. R. Colborn, E. C. Mohl, A. Brest, J. J. Linkey, B. L. Moore, Milton Huxtable, Chas. Deverts, Alfred Ledig, W. C. Cline, L. N. Kirk, Enos Leaman, Clyde Duncan, R. M. Kilind, and Harry Plum.

## Miss Barr Complimented—

Honoring Miss Francis Barr, principal of the Colony school, who has recently announced a summer trip through several European countries, Mrs. Alexis Crane and Miss Imogen Crane, 741 Euclid avenue, entertained a group of friends with a delightful luncheon at the Silver Peak ranch on Thursday afternoon.

Miss Barr expects to leave Upland on June 6, and she will sail from New York for her summer tour about June 27. She will return in the fall.

Those who were present at the luncheon included besides the guest of honor, Miss Barr, Mrs. Charles V. Barr, Mrs. George Mason, Mrs. Luther Daniels, Mrs. William Mason and Miss Blanche MacTavish, all of Upland; Miss Lillian Lewis and Miss Murray Edwards of Pasadena, and the hostesses, Mrs. Crane and her daughter.

## S. E. Spicer Celebrates Birthday—

Saturday, May 5, at the family home, 193 First avenue, the 79th birthday anniversary of S. E. Spicer was celebrated in an appropriate and enjoyable manner. A delicious old fashioned dinner was served at noon, a cake baked by his only daughter occupying the place of honor as the centerpiece, this being beautifully decorated and glowing brightly with seventy-nine candles. Those present to enjoy the happy event, besides Mr. Spicer and his wife, were Mr. and Mrs. W. H. Spicer of Glendale; Mrs. C. E. Roberts of Van Nuys; Mrs. Chas. Spicer and children, Mildred and Charles Jr., of Santa Ana; Mrs. Jenny Roberts of Upland.

Throughout the day old friends of Mr. Spicer called to offer congratulations.

## Attend Hollywood Dance—

Several members and friends of the local 20-30 club motored to Hollywood on Friday evening to attend a sports dance given by the 20-30 organization of that city.

Those who attended from here included Mr. and Mrs. Cecil Myers, Floyd Chambers, Clark Roloff, Ed Thudium, Loren Long, and guest, Dale Kelly.

Presiding at the affair was William Allen, former prominent member here, and founder and president of the 20-30 club in Hollywood.

## Many Chapters Invited—

Honoring past matrons and past patrons, Upland Chapter O. E. S. will be hostess to guests from fourteen other chapters in Southern California on Monday evening.

Mrs. Grace Norton, past worthy matron of the Upland chapter and now worthy grand matron for the 52nd district, will preside. Her staff will consist of other local past matrons and past patrons.

Mrs. Clara Crew, worthy matron, is in charge of the program which will follow the business meeting. After the program, the past matrons and past patrons will be guests of honor at a banquet.

## Birthday Party—

Congratulating Miss Louise Norton on her birthday, a group of friends were entertained at a dinner and theatre party on Monday evening by Mrs. R. C. Norton, 793 Euclid avenue.

Attractive decorations carrying out the green and pink motif were used by the hostess in the table appointments and flowers.

Guests bidden to the event were the Misses Eunice Dettweiler, Marie Wisely, Ruth Mathews, Margaret Paulin, Ruth Hilly, Alice O'Brien and Gloria Foss.

## Class Has May Fete—

Clowns and fun, confetti and side shows, fortune telling and a real orchestra—these are some

of the many features which will be found at the May Fete given Saturday evening in the basement of the Presbyterian church by the members of the Fidelis Servitio class.

For several weeks the forty members of the young people's class have been working on the plans for this affair, and present arrangements indicate that those who attend will be assured of a good time.

Beginning at six o'clock with a cafeteria supper, the sideshows and other attractions will continue for some time. There will be a charming Japanese garden where an Oriental maid will sing vocal solos, and where one may have his fortune told in tea leaves. At seven-thirty Booth Tarkington's one act play, "Station Y. Y. Y." will be presented. Games of ping-pong and baseball throw will be available. Clowns will be present all of the time, and will have an unusual orchestra.

Miss Elizabeth Harris is in charge of the entire affair.

## La Estrella Auxiliary—

Mrs. Isabel Wisely, 1095 Washington boulevard, was hostess to members of La Estrella auxiliary O. E. S. on Wednesday afternoon. Assisting hostesses for the occasion were Mrs. R. C. Norton, Mrs. Isabel Foster and Mrs. Clara Crew.

A potluck luncheon was enjoyed at noon by those present. In the afternoon there was a short business meeting, after which the women finished several quilts. These will be sold soon in order to raise money for the Eastern Star. Mrs. Wisely, president of the club, presided at the afternoon meeting.

## Social Meeting—

For a pleasant evening beginning with a business meeting and ending with a dance and cards, members of the Security Benefit association met at the I. O. O. F. hall in Ontario on Wednesday.

About thirty of the organization were present. Following the meeting, dinner was served, after which the group danced and played cards.

On the evening of Wednesday, May 24, a special dinner dance has been planned, to which the public is invited.

## Mr. and Mrs. Bradley Honored—

Surprising Mr. and Mrs. L. R. Bradley with a house-warming at their new home on Fifteenth street and Mountain avenue, members of the Prichard Club had an enjoyable evening Thursday.

All met at the home of Mrs. Blanche Loch on Fifteenth street and then went to the Bradley residence. Baskets and bouquets of lovely spring blossoms were presented to Mr. and Mrs. Bradley by the guests.

"Cootie" was played by the guests, high honors going to Mrs. Joel Gillingwaters and the "booby" award being made to Mrs. F. M. Fields. Refreshments were served at the close of the evening.

Among the group complimenting Mr. and Mrs. Bradley were Mrs. Ardy Mills and daughter, Marcelle; Mr. and Mrs. F. M. Fields; Mr. and Mrs. F. S. Genung; Mr. and Mrs. L. W. Baker; Mr. and Mrs. W. B. Gavers; Mr. and Mrs. J. F. Robinson, formerly of La Cuna Beach; Mr. and Mrs. William Kitchell; Mr. and Mrs. W. F. Naftel; Mr. and Mrs. Joel Gillingwaters; Mr. and Mrs. Earl Marsh; Mr. and Mrs. P. H. Vanden Berg; Mr. and Mrs. Phil Rider; Mr. and Mrs. F. L. Atwood; Mrs. Blanche Loch and son William; Miss Jennie Kitchell, and Miss Alice Fields.

## Woodmen Initiation—

For one of the largest meetings of the year, Woodmen from camps throughout the San Bernardino and Riverside counties met in the local hall on Thursday evening, May 3.

One hundred twenty-three were present, including fifty-two from the local camp, twenty-one from Ontario, twenty from San Bernardino, nine from Riverside, five from Perris, four from La Verne three from Corona, two from Etiwanda and one from Santa Ana. In addition to these, there were two guests: one from Wisconsin and another from Oklahoma.

Thirty-two new members were obligated during the evening. The Upland degree team presented the work. Food for the affair was arranged by B. K. Merkle, Elmer and Clifford Burt.

## BIRTHS

CHESTER—In Upland, California, May 6, at the San Antonio Community hospital, to the wife of Roy Chester, 211 East Sixth street, Claremont, a daughter.

GALVIN—In Upland, California, May 6, at the San Antonio Community hospital, to the wife of Carlos Galvin, 312 East State street, Ontario, a son.

ROBERTS—In Upland, California, May 1, at the San Antonio Community hospital, to the wife of Howard Roberts, 293 First avenue, a son.

## Field Demonstration On Spring Care Grove

County Agent H. J. Wilder sends out the following announcement regarding a field demonstration of the spring care of the grove, which is to be held next Tuesday, May 15, at the O. D. Haward grove, northeast corner Sixth street and Monte Vista avenue, West Ontario. This meeting is being held jointly by the Agricultural Extension service of San Bernardino and Los Angeles counties.

9 a. m., M. B. Rounds, farm advisor Los Angeles county, will demonstrate methods of scaly bark control. At 1:30, a pruning demonstration will be given by H. J. Wilder. This is a combination meeting for eastern Los Angeles and western San Bernardino counties.

A school for training women motorists to drive in traffic has been established by the police department of Detroit.

## Girls' Organization Activities Reviewed

Mrs. Leigh Thompson met with her Girl Scout troop Wednesday afternoon after school for their regular meeting. Those present worked on their first aid drill and exercises and discussed means of decorating the Chaffey cafeteria for the Court of Awards.

At a potluck dinner at the home of Miss Corinne Kelly in Ontario, members of Miss Lillian Graves' Girl Scout troop met on Wednesday evening.

Invitations to the annual Girl Scout Court of Awards, which will be held at Chaffey on May 21, were written by the girls.

One of the most interesting Girl Reserve social events of the year was enjoyed by the Fontana members on Tuesday afternoon—when they entertained their friends and others at the annual tea.

For the entertainment of the guests, an elaborate program was presented. Mrs. M. Griggs, board member from Fontana, welcomed the mothers and friends to the meeting. Mrs. Katherine Jones Webber and Mrs. R. H. Henderson of Upland represented the Chaffey Girl's Work organization, had charge of the ceremonies in which 35 of the Girl Reserves received their ties.

Special numbers were also given by the different groups. The ninth grade club gave a piano solo and a reading; members of the ninth and tenth grades presented a playlet "Hobbies," and the seventh grade group offered another play, "The Doctor." Miss Esther Combs lead the eighth and ninth grades in a drill. All were dressed in blue and white uniforms.

Miss Louise Rider, Miss Corinne Kelly and Miss Esther Combs are the leaders of the three Fontana groups including sixty girls. Miss Lillian Harris concluded the program with an interesting talk on Camp Conifer.

Members of the Girl Scout troop under Miss Lucy Gidney met Wednesday in the Girl's Club room, and discussed plans for the program at the Girl Scout Court of Awards, which will be held at Chaffey on May 21.

Present arrangements for the event include a dinner for the parents and friends of the girls who will receive badges, pins and other honors at this time. A pageant has been planned for the occasion.

Mrs. L. H. Ball, Ninth avenue, was a San Bernardino business visitor on Tuesday.

St. Mark's are having a food sale tomorrow at Haymen and Rogers.

Mrs. Fern Lytle of Ontario left here today on the California limited of the Santa Fe for New York.

Attorney A. W. Burt and H. C. Naylor were in San Bernardino and Riverside on Monday attending to matters in court.

William Beckley of Alta Loma has gone to Barstow, where he intends to stay a short time before going to Arizona to visit friends and relatives.

Miss Mae Crouse of the Magolia apartments, spent the week end at Big Bear in company with Mr. and Mrs. Allen Couch, Mr. and Mrs. James Bacon and Raymond Hopkins.

Misses Margaret Waterman, Anna Pueher and Ethel Regan were at Balboa Beach on Sunday.

St. Mark's are having a food sale tomorrow at Haymen and Rogers.

N. E. Trautman of Ontario left Wednesday for Chicago on the Santa Fe Chief. He expects to return via Portland, Oregon.

Miss Violet Williams has gone to Bisbee, Arizona, where she expects to visit several weeks with her sister before returning.

Frank Haasis, former Chaffey junior college student now studying at the University of California, has been visiting friends here.

Mr. and Mrs. Russell Forney, 459 1/2 East Tenth street, and Mr. and Mrs. J. W. Morganson, 428 First avenue, spent Sunday on a fishing trip in Cucamonga canyon.

Mrs. J. F. Sawyer, 442 Euclid avenue, Mrs. J. E. Sargent, 534 Euclid avenue, and Mr. and Mrs. Leon Durham, West Thirteenth street, left Tuesday morning for San Diego, where the women will attend a convention of the Woman's club. They expect to return today.

St. Mark's are having a food sale tomorrow at Haymen and Rogers.

Mrs. H. E. Davis, 591 Ninth avenue, was a Los Angeles visitor on Monday.

F. G. Myrick, who has been visiting with relatives and friends in Ontario, left Thursday for his home in Larned, Kansas.

Special for Friday and Saturday, 75 new dresses and coats at \$8.85 and \$15.00 at The Vogue, Ontario, 222 No. Euclid. 8811

Mrs. Blanche Loch, West Fifteenth street, and Mrs. P. H. Vandenberg, Euclid avenue, Ontario, motored to Banning on Wednesday to visit Mrs. P. G. Peterson.

We now have the rhinestone button machine for clamping the rhinestones on your dresses at 35c. per doz. Upland Art Shoppe. 8811x

Miss Lyle Merchant, daughter of Mr. and Mrs. James Merchant, 515 East Ninth street, returned Thursday from San Diego, where she is attending school this year, to spend the week end with her parents.

Mrs. Molly Kiggins and son William Kiggins, who were brought down from Lake Arrowhead suffering from tonsillitis, are at the San Antonio Community hospital under the care of Dr. F. E. Abbott.

Miss Celia Merrill, former Chaffey junior college student, now attending Redlands university, was a local visitor on Thursday. Miss Merrill is now a member of the woman's glee club at Redlands.

Mr. and Mrs. H. G. Humble, 248 Sixth avenue, and Mr. and Mrs. Vernon V. Paine, 235 Sixth avenue, motored to Hemet on Sunday to see the outdoor performance of Ramona. Lunch was eaten near Saboba Springs near some of the historical sites of the story.

Mr. and Mrs. G. V. Sleuman, Seventeenth street and Mountain avenue, Mrs. Winnie McCullough, 735 East Ninth street, left Wednesday on a motor trip through Colorado, Nebraska, Iowa and Minnesota. They will be accompanied by Mrs. Frank O'Brien as far as the Grand Canyon. She will return home Sunday. Mrs. McCullough expects to be gone several months, while Mr. and Mrs. Sleuman will probably return within six weeks.

Mr. and Mrs. H. O. Blohm, 428 First avenue, expect to leave soon for a ten-day fishing trip.

St. Mark's are having a food sale tomorrow at Haymen and Rogers.

Mrs. W. H. Tuttle, 206 West Tenth street, who has been confined to her home because of illness, is much improved.

Miss Margaret Beattie of Cucamonga was a local visitor over the week end. This term she is enrolled at the San Diego teacher's college.

There is a reason for covering your leaky roofs with Pioneer shingles—A. K. Rae, salesman, 19th and San Antonio avenue, Phone 8715, R. 5, Upland. 8814

Mr. and Mrs. L. H. Ball, accompanied by the Misses Ethel Buzan and Ruth Kendrick and Paul Johnson and Carl Buzan, friends from Corona, spent Sunday at Balboa and Newport beaches.

Mr. and Mrs. F. B. Harn have returned to their home here after visiting their son John Ivan Harn, in Pasadena, who has been critically ill with pneumonia. They found him recovering and Mrs. Harn said he would be well within a short time.

Mrs. Stella Breffle, 544 Eighth avenue, accompanied by her mother, Mrs. A. C. Nelson, 543 West Grove street, Ontario, motored to El Monte on Sunday afternoon and evening to visit Mr. and Mrs. Ed. McAdams of that city.

The Strawn dairy of Upland again sets the high score for herds of thirty cows or less. For the month of April this herd averaged 39.9 pounds of butterfat per cow. Mr. Strawn's herd appears to be the only one getting in the high scoring class for last month from this community.

On Monday Judge Crane assessed a fine of \$10 against Gus Arnheim, director of the Coconut Grove Orchestra at the Ambassador hotel, Los Angeles. He had been arrested a few days previous for speeding merrily along at the rate of fifty miles per hour. He now probably has gotten it through his "coconut" that he should not be so speedy in this part of the country.

Where I deal they have your good taste in mind. Whose? Mine? Yes, they sell the kind of good meats you like!

"Seguin's seem to satisfy everybody's taste. That's because everybody likes pure, fresh meat."

To Customers of the Upland Public Market Regarding GRANTS BROS. PRIDE BEEF

DEAR MADAM: That you may select your Meat with care and obtain the finest super-quality Beef, we are carrying this message to you. GRANTS BROS. PRIDE BEEF is never under seven months nor over eighteen months of age; weighing six hundred to twelve hundred pounds on hoof; raised in California; taken from their mothers while containing their milk fat and confined to feed lots. They're scientifically fed on properly balanced rations.

You can readily see that the process of production of GRANTS BROS. PRIDE BEEF makes it a superior quality of beef through the elimination of waste, bone and sinew which does not mature as in other beef that takes three years or more to mature. And further, by virtue of the quality and satisfaction which it has proven, it is the most economical beef on the market today.

For your protection all GRANTS BROS. PRIDE BEEF is stamped with our stamp and is endorsed by us to be the genuine product, complying with the United States Department of Agriculture, Bureau of Animal Industry, regulations and specifications.

Insist upon seeing the GRANTS BROS. PRIDE BEEF in the carcass. In this way you will get the real thing. Try it and be convinced. Drive out South Euclid Avenue to Grants Brothers feed lots and see these fine, grain-fed steers.

We are the only market in Upland handling this fine quality Beef. If you want the best in Fancy Ba-Bey Beef Steers call at our market and we will be pleased to show them to you. These steers were dressed by the Ontario Meat Company and given special care.

Yours for the best in Upland,

Upland Public Market  
GEORGE F. SEGUIN & SON

G. D. Allison of Camp Baldy, who has been a patient at the San Antonio Community hospital, returned home on Wednesday.

John Strachan and his niece, Mrs. Corda Price, of Youngstown, Ohio, came up from Long Beach yesterday to spend the day with their friends, the R. C. Nortons.

Mrs. E. T. Hagle has returned from a visit with friends at Long Beach. At present she is residing with Mr. and Mrs. A. M. Hawkins, West Thirteenth street.

Mrs. Susan E. Haughs, 2227 San Antonio avenue, spent Wednesday and Thursday at meetings of telephone chief operators at Santa Ana and Riverside, respectively.

Al Truitt of Camp Baldy, who has been at the San Antonio Community hospital suffering from a severe case of pneumonia, is making good progress, it is reported.

Mr. and Mrs. George Swindell, Mr. and Mrs. Emory Jacobs, Charles and Bert Hogan and Mr. Mitchell were among the many local residents who spent Sunday at Balboa Beach.

Misses Ruth Kendrick and Ethel Buzan, and Paul Johnson and Carl Buzan of Corona motored to Upland Saturday, spending the evening at the home of Mr. and Mrs. L. H. Ball. The group attended the American Legion dance, and later enjoyed refreshments at the Ball residence.

Wm. Springer of this city, district deputy of the Elks for Southern California, was in Los Angeles Tuesday evening attending an executive session at the Elks club there. A dinner was served and matters of interest to the organization were discussed.

Miss Dorothy Hill, 406 East Eleventh street, and Miss Dorothy Thompson, 840 Washington boulevard, were the week end guests of Miss Margaret Allen of Hollywood. The three young women, former classmates at Chaffey, attended an opera at the Hollywood high school and also saw a matinee of "Tommy" at the President theatre.

## Will Hold Hearing On Avenue Opening

Hearing before the state railroad commission on Upland's request for the extension of Second avenue is expected to be scheduled soon and today the city officials were ready to submit the facts before the state group.

Since a local committee visited Santa Fe officials in Los Angeles on the proposed extension,

Mac's Human Service Station  
Mother's Day, Sunday, May Thirteenth

IF we've bored you with our suggestions about some proper and fitting remembrance for Mother on Mother's Day—We offer no apology!—MAC SAYS SO!

To MAC and His Trusty Crew it is a source of JOY to help you REMEMBER the One who NEVER FORGETS YOU

With tears in their eyes—grown men—and women—have thanked us for this Human Service—for so many times Mother's Day slips by—and we remember too late. Intrinsic value doesn't Matter—if it is nothing more expensive than a thoughtfully picked bouquet of Wild Flowers—

DON'T FORGET MOTHER—ON MOTHER'S DAY!

To help out with Mother's Day festivities we will feature a wonderful Quart Brick of Ice Cream for 39c and Pound Bags of Old Fashioned Chocolate Drops at 33c.

Among our Mother's Day Cards I found several beautiful creations. Here's just one: "Speaking of Mothers, Their Love and their Worth, I've given my heart To the dearest on earth. It is, of course—of pleasing design and inscribed: "TO MY WIFE ON MOTHER'S DAY"

We have hundreds of One and Two-Pound Packages of MOTHER'S DAY CHOCOLATES—mailed, delivered, and sold and piled up waiting for owners. MAY WE SERVE YOU TOO ????

Cheerfully yours,

Mac The Medicine Man

AND HIS TRUSTY CREW—A Friendly Drug Store in a Friendly Community

## Of Rich Beauty and Magic Softness are these CELANESE SATINS

Exquisite indeed are these lovely fabrics, ideal for sumptuous evening gowns... rich negligees... and a myriad of dainty intimate things. Perfectly washable; the soft, mellow luster actually improves with rubbing; the delightful colorings are fast to suds and sun alike. These amazing new fabrics offer many distinctive advantages. They are unharmed by perspiration; they dry almost instantly; they do not cling. White stays white, and will not turn yellowish. Garments made from them keep their shape, and have unique hygienic properties. A rich variety of shades, ranging from pastels to darker tones.

## Substantial Gifts For Mother

Don't forget that your Mother is, or was, the best  
friend you ever had or ever will have. Remember  
Your Mother, or Someone's Mother Sunday, May 13,  
with a practical and lasting gift.

May we suggest an appropriate motto that will give  
her joy the year 'round. Priced from 60c to \$3.00.

Perhaps a picture—we have some delightful Cali-  
fornia views and they are not expensive.

How about a book, or perhaps a choice piece of  
copper or brass, a dainty boudoir lamp, a bit of Amer-  
ica's finest hand-painted china.

## GRAMMAR SCHOOL TO ENTER MEET

Former Winner of Three Con-  
tests In Community Play  
Day Sends Good Team

That Upland grammar school, twice victor of the community play day held at Chaffey on May 19 in connection with the seventh annual Chaffey junior farm center fair, will again enter teams in all of the events including the stunt program, the boy's track meet, girl's baseball tournament and the spelling contest, was stated by James Paulin, instructor at the local grammar school.

In the morning each of the ten schools in the district is expected to have two stunts to offer on the program. About fifteen of the local grammar school girls will be in a minute, and approximately 20 lads will take part in a special stunt relay. Following this there will be a spelling "bee" for the best spellers of the various schools.

After lunch hour there will be an open track meet. Each boy may enter three events other than the relay if he wishes. Four places will count for points. As usual Upland will enter a string team, being one of the largest schools in the competing district. In addition to the regular track events and relay, there will be three extra relays divided as follows: for boys nine years and younger; for boys ten years of age, and for those eleven and over. Special banners are offered for these races.

Cups are offered for the open track meet and for the girl's baseball tournament. This event will last throughout the afternoon, each team entered playing three or four innings with every other team.

This community play day for the students of the grammar schools has become a get-together for the families of the various districts. Families are urged to bring their lunch, and plan to spend the day on the Chaffey campus. In addition to the athletic events mentioned, special exhibitions of work done by the Chaffey machine shops, hygiene department, woodwork students and those in the domestic science department are open to the public. Those interested in the agricultural work of the students are invited to attend the junior farm center fair.

The two Cucamonga schools, Etiwanda, Alta Loma, Piedmont, Fontana, South Euclid and Sultana, Mountain View and Upland are the ten schools entered.

### Building Permits Boosted

The building permits for Upland were given a big boost during the past week, when a permit was granted for the new junior high school building. The valuation is given as \$74,000. It will contain twelve rooms and the general dimensions are 150 by 150 feet.

E. P. House was issued a permit to erect a stone residence at Twentieth and Mountain costing \$4000. The building will be 58 by 44 feet.

Full capacity of the battery cannot reach the ignition system if the battery cables are corroded.

## Big Bear Residents Unite In Campaign To Blue Stone Lake

Being refused aid by the county supervisors in the blue-stoning of Big Bear Lake, residents of the resort community are today united on a five-year campaign to carry on the improvement, according to word received here. Blue stone will be placed in the lake annually for five years for the purpose of killing alga and other undergrowth, it is planned. The cost will be about \$2000, it is estimated.

Judge C. R. Lynn appeared before the county supervisors last week, asking assistance in the campaign. The plea was refused. The work will now be done under the supervision of a committee from the chamber of commerce.

Treatment the first year results in the killing of 60 to 75 per cent of the alga, the second and third treatments will kill all the alga growth, and the fourth and fifth treatments will result in all traces of the plant being destroyed.

## Olympic Games Hold California Interest

The Olympic games now being held in Amsterdam and other parts of Europe are attracting particular interest in California because of the fact that the next Olympiad, in 1932, will be held in this state. Continuing over a period of approximately eight months, the competitions, when held here, will not only be in sports and athletics, but also in music, architecture, literature, painting, sculpture and other branches of the arts.

In this way the Olympiad constitutes virtually a great international exposition, and it is estimated by officials of the California Tenth Olympiad Association that more persons will visit this state during 1932 than have come here in any similar period since the great Panama-Pacific International Exposition in San Francisco in 1915. While many of the track and field contests will be held at the Coliseum in Los Angeles, which city has provided some \$2,500,000 worth of structures, facilities and other equipment necessary to stage the games successfully, a great number of the events will be held at various other parts of the state, making the tenth Olympiad an all-California international event.

Incessant "riding of the clutch" will ultimately render the gripping action of the discs practically useless.

## LOCAL SPEED FIEND IN JUMP FROM PLANE

Babs, Davis Will Represent Upland at Colton Speed Races Sunday

Leaping from an airplane at an altitude of 1,000 feet, will be the thrilling opener to the Intercity Speedway racing program Sunday at Colton. Speedy Babs, daring motorcycle rider of Upland, will present the first thriller of the afternoon by making the leap from the plane piloted by Major McKenzie, Colton aviator.

After hopping off Babe will drop approximately half the distance before he will open the parachute. The daring stunt of falling through space for several hundred feet before relying on the mechanical life saving apparatus is undoubtedly the first attempt to be made in this section of the country.

Babs will open the race program with his performance and after alighting on the terra firma will mount his new two-wheeled iron steed to enter the first motorcycle race of five laps.

V. S. Davis, Cucamonga, is entered in the car racing events.

The race program over the half-mile dirt track at Colton next Sunday will include three motorcycle events and seven automobile races.

## 2 Record Catches Made By Seguin In Hodges Lake Trips

What many fishermen admit to be the largest and best catches of fish produced this season were brought to Upland by George Seguin, local meat market proprietor, and samples of the bass are today on display at Roy Creighton's sporting goods store. With Bill Musselman and Duke Fielding, Mr. Seguin went to Hodges lake last Friday and Tuesday, returning each day with the limit, one of the fish weighing 4½ pounds. Many of the water inhabitants weighed around three pounds. The 4½ pound beauty was caught on the Tuesday trip.

While many on the lake at the same time as the local men, were not successful the Upland fishermen were kept busy bringing in their haul. When the limit was reached, Mr. Seguin turned the bait over to near-by sportsmen, who were eager to learn the secret of the success. Dead minnows were used as bait.

## Walton League Is Seen As Factor In Saving Fish, Game

That the late Emerson Hough, powerful writer and one of America's leading conservationists, recognized the value of the Izaak Walton league, is indicated by a statement he made several years ago. The statement, received here by members of the Old Baldy chapter of the league, follows:

"If you really wish to save a little shooting and fishing for yourself and your boys, go out and do what you can to put two million members in the Izaak Walton league."

The local chapter is in a campaign to increase the membership. An intensive program to encourage the spirit of sportsmanship, to preserve the game and protect the forests is being conducted by the local group.

## Extend Truck Line Service

The Keystone Express motor truck line has been granted permission to extend its service to San Bernardino, including all intermediate points between that city and Los Angeles. This concern has been serving Upland for some time and the further extension of their line enables them to take business from points farther east. J. Nelson Kagaris, director of operations and son of the owner, was recently in Upland and is very optimistic over the future prospects.

## MILL CREEK ROAD CONTROL CHANGES

First Station Located at Glen Martin—Second Half Way on Clark Grade

Changes have been announced in the control stations of the Mill Creek road, Big Bear Lake. Under the new regime the old Harvey control station and the Santa Ana river control station have been done away with.

The first control station is now located at Glen Martin near Camp Angelus, and will be known as the Camp Angelus control. The second control station is now located half way up on the Clark grade, and is about 10.5 miles from the first control. This second station will be known as the Clark Hill control.

The hours these controls open for both up and down traffic remain the same as the old. In

other words, travel will be permitted up grade from the Camp Angelus control and down grade from the Clark Hill control at 2, 5, 8, and 11 a. m. or p. m. Running time between controls will be minimum 50 minutes, maximum 1.5 hours.

Highway speed limits in this country vary from 20 to 45 miles per hour.

Certain types of alloy pistons wear rapidly, and a large repair bill may be avoided if they are replaced at the proper time.

# The HOOVER

It BEATS... as it Sweeps as it Cleans

Now, you can know if your rugs are clean!

Many a good housewife is laboring long hours on cleaning day, confident that she is really keeping her rugs clean.

But we can tell her that there is still dirt in them!

We are sure, because we know that unless she beats her rugs regularly and often it is impossible to keep them free of the heavy, sandy dirt that becomes embedded at the base of the nap.

And until she owns a Hoover we know that it is impossible to beat them "regularly and often."

You can prove that your rugs need beating\*... And you will naturally be most anxious to do so. When you realize that your present methods are ineffective, phone us, and we will gladly show you how easy it is to keep rugs immaculate with a Hoover.

\*Make this test right now! Turn over a corner of a rug; with the handle of an ordinary table-knife, or something of equal weight, give the under or warp side 15 to 25 sharp taps and watch the dirt dance out from the nap depths onto a piece of paper; feel the destructive character of this grit. This is the dirt only beating will dislodge. Correct use of The Hoover causes this embedded dirt to be vibrated to the surface by the rapid, gentle tapping of the Hoover brush, as powerful suction lifts the rug from the floor and draws all the dirt into the dust-light bag.

## GAS TAX BUILDS MOST ROAD HERE

California Leads States in Gas Tax Devoted to Highway Development

California continues to lead all states in the amount of gasoline tax devoted to highway development, according to reports from the Bureau of Public Roads of the United States Department of Agriculture. The net receipts from the gasoline tax in the state last year are given as \$22,467,083. The nearest approach to California was Ohio with \$19,910,481.

Ohio, like California, started in 1927 with a 2-cent tax, which later was increased to 3 cents per gallon. The gas tax now is effective in every state in the Union except two, and it ranges from 2

to 5 cents a gallon. Massachusetts and New York are the only states not having a tax on motor fuel.

The Bureau of Public Roads notes that all but 4 per cent of the gasoline taxes collected the country over are allotted for road purposes, including the payment of interest and retirement charges on highway bonds. The yield of the gasoline tax constitutes a very important contribution to the total highway revenue.

The total collections the country over on the gasoline tax in 1927 amounted to \$258,838,813. The average tax for the nation is 2.76, and it is indicated that 10,596,000,000 gallons of gasoline were used by motor vehicles during the year. This was an increase of 8.3 per cent over 1926 and the average consumption for each motor vehicle is given as 458 gallons.

While the gas tax is providing a large fund for highway development, there is still a long way to go, as it is reported that there

are 518,000 miles of roads throughout the country being ministered to by road workers. Only about 70,000 miles of these are designated as really first class, so that there is still a great deal of improving to be done. However, in addition to the 500,000 miles of roads that are being cared for, there are about 2,500,000 miles more of highways in the United States that are infrequently traveled, but eventually will call for improvement, so that it is not surprising that road building in the country is second to education in total expenditures.

## COUNTY VALUATION NOW \$240,000,000

Increase in Assessed Valuation of Property \$4,057,136 — Shows Gain

Forging steadily ahead, California's fifty-eight counties piled up new wealth during 1927 that boosted the state's stock more than a billion dollars, judged on a basis of property valuations, according to the annual report of the State Board of Equalization, just released.

San Bernardino county's valuation on the state "stock market" shot up to a new high level of \$240,000,000, predicated on the 1927 assessment of \$119,881,044. The increase in assessed valuation of property was \$4,057,136, or a real gain of about \$8,000,000 in wealth.

With this tremendous increase, California property now has a valuation well over \$15,000,000,000, qualifying as one of the richest states in the nation in per capita wealth.

The assessed valuation of all property in the state, which is about 46 per cent of the true value, was placed at \$7,685,881,673, in the state analysis as a gain of \$640,751,389 over 1926.

Climbing to a new high peak, real estate soared \$183,140,422 in value, the board reported, now having an assessed valuation of \$3,510,936,343.

Furthermore, California property owners, in step with the rapid general development, increased their investment in improvements \$185,521,368, making a grand total of nearly two billion dollars now represented in buildings and other permanent improvements, based on the assessor's low valuation.

Californians, too, increased their

## PROCLAMATION

In a proclamation setting aside the week of May 14 as "Clean-Up Week," Mayor A. H. Johnson today asked the cooperation of all the residents and appealed for civic pride in continuing to make this city a clean one. His proclamation follows:

"By order of the board of trustees, next week will be the official clean-up week for the City of Upland.

"We expect every property owner and every renter to make a complete clean-up of their lot or lots before the 19th day of May. The city trucks will take away your cleanings of weeds, grass, tin cans and rubbish as rapidly as possible, if placed on your curbs and in the alleys.

"It is especially requested that all dead grass and weeds be cleaned up, as a fire protection. Upland has always been a clean city. Let's keep it so.

"All property not properly cleaned up next week by the owners or residents may be cleaned by the city and the expense charged to those who so neglect their duty."

personal property by \$181,879,455 in assessed valuation, bringing the grand total in things personal to \$939,665,042. Money and solvent credits, or cash holdings, jumped some 16 million dollars, while corporation properties recorded similar big gains.

Kentucky and Tennessee Picnic  
The big annual spring picnics

for all the former residents of both Kentucky and Tennessee will be held in Sycamore Grove park, Saturday, May 19. Each state will have its own section and open county registers, supply hot coffee and souvenir badges. Carry old-fashioned picnic dinners and enjoy a jolly day.

Be Sure to Clean Up Next Week

## SWIMMING POOL COMPLETED SOON

Red Hill Country Club Members Will Soon be Splashing in New Pool

The new swimming pool for adults at the Red Hill Country club is expected to be completed and ready for use within two weeks, according to Secretary Neal. Workmen are now putting on the finishing touches and the new and much larger pool will be a joy to the hearts of swimming fans. The old pool, which is being made over into a pool for the children, will be ready for use about the same time as the new pool for the older folks.

Secretary Neal also informs the News that the second nine holes necessary to complete the eighteen hole course will probably be put in next year. Work will probably be started during the present year, but the greater part of it will not be done until 1929. These will be built on the land recently purchased by the club to the northeast of the present nine holes now being played.

The interesting list of events for the coming few weeks includes the following:

May 12—Weekly sweepstakes. Low gross and low net.

May 15—Semi-finals ladies' president cup.

May 18—Ladies' day. Luncheon at 12 o'clock. One club flag tournament. Mrs. C. E. Puckett, hostess.

May 20—Mixed four ball four-somes.

May 22—Finals ladies' president cup.

May 25—Monthly club dance. Dinner or supper will be served to those desiring same.

May 26—Sweepstakes. Low gross and low net.

Friday, June 15 will be ladies' open day. Invitations will be sent out to all the clubs in the valley to participate. Special golf tournaments, and bridge for the non-golfers. Lovely prizes and trophies. No entry fees.

Craft Talks Feature 20-30 Club Program

Ralph Garbut, president of the Ontario 20-30 club attended the weekly meeting of the local club and told of the play, "Kiss Me, Darling," which their club is

presenting at the Chaffey auditorium Friday, May 10. Ralph says that this play is an all American comedy and has had a very successful run on the New York stage. Many of the local members are planning on attending the play.

Reports from members who attended the Chinese sport dance, sponsored by the Hollywood 20-30 club at Hollywood last Friday

night stated that a very good time was enjoyed.

Floyd Chambers, chairman of the program for the evening, featured craft talks. Clark Roloff told of the change over of the Ontario Power Co. to the Southern California Edison Co., which is now taking place. History and the progress of banking was told by Floyd.

## STATE TREASURER SOUNDS WARNING

**"Farm Relief" Organizations Mostly Political in Nature, Says Official**

For the information of those California farmers who believe that the so-called "farm relief" organizations are going to save them from every difficulty, State Treasurer Charles G. Johnson has the following to say:

1. "Most of these utopian agencies whose motto is 'Save the Farmer' are purely political in nature. They have an axe to grind.

2. "Don't let them do your thinking for you. Do it yourself."

This isn't any passing thought on the state treasurer's part. It comes from many years of practical farming—of trying to wrest paying crops from 4,000 to 6,000 acres of land. Johnson himself has experienced about every ill the farmer is heir to, and out of it has evolved this philosophy:

"The farmer should be honest with himself. He should decide whether his failure to produce a profit is due to poor or impractical farming, to bad business methods, or to adverse conditions—such as infertile soil, rigorous climate, or lack of water.

"Farming is a business enterprise, and the same principles apply to it as to any other business. This requires the farmer to have his affairs in such shape that when he goes to a bank for money, he can present a sound business proposition. He shouldn't approach his banker as a supplicant, but as an independent business man offering a bankable statement entitling him to a line of credit."

Johnson holds that success of a farm should be calculated over a period of years, like any other business. Lean years as well as good years must be expected. The good years should cause the farmer to prepare, by frugal conservation of profits, to fortify himself against the unexpected reverse.

"The farmer should regard the four per cent savings bank as a good safeguard for his earnings," Johnson said. "There his savings are always liquid and available for emergency and other purposes. Many farmers, however, have been ruined by investing in securities and enterprises other than farming."

As to the "farm relief" agencies Johnson comments:

"In all my experience in farming I have yet to receive any direct benefit, of any kind or description, from self-appointed utopian solvers of farm problems. The farmer has been fed up on promises which have only harassed and confused him, and he will continue to be exploited and suffer just as long as he substitutes self-reliance and independent action for experiment and schemes of paternal agencies."

## Old Stories of Upland in New Type

(From the News Files)

### TEN YEARS AGO

On Monday the big Red Cross drive will be under way in the city of Upland and Chairman Chas. Barr has his assistants in line once more to put Upland to the fore front.

Present indications are that the City of Upland and Joe Chutuk, sewer contractor, will settle their differences in court, for it has developed that strange proceedings happened to a contract from the time it left the council chamber and was taken by Chutuk to a bonding company.

The employees of the G. A. Hanson Fruit Co. and their families tendered Howard Graves, the foreman, a surprise and presented him with a massive genuine leather rocker.

Wednesday at high noon Miss Marie Hiebert and Calvin Niswander were married at the home of Mr. and Mrs. J. A. Hiebert. They left for an extended honeymoon in Kansas and Oklahoma.

It has become necessary to enlarge San Antonio hospital at the earliest possible time in order to provide proper facilities for the community. C. E. Grier, John N. Huen, and J. B. Draper were appointed a committee at the annual meeting to report at a special meeting.

Word has just been received from Frank Goodban and Bradford Manker telling of their safe arrival in France.

San Bernardino county will be called upon this week for thirty-one men to enter the service of their country.

A delightful beach party was given last Saturday at Hermosa Beach by Misses Ardis Bradley and Venetta Brown.

Mrs. G. R. Sturdevant is attending the Rebekah grand assembly in San Francisco this week.

Mr. and Mrs. W. F. Clark celebrated their wedding anniversary by going to Los Angeles for the week-end.

Miss Charlotte Shingler entertained a number of girl friends Thursday evening in honor of her fifteenth birthday.

Mesdames A. L. Palis and John Rarick are today entertaining the Pioneer Embroidery club.

The Edith Cavell chapter is planning to observe Empire day, May 24.

### FIFTEEN YEARS AGO

The fifth annual May festival is over and again the Frances Paul Girls have achieved such a suc-

cess that it will remain steadfast in the minds of the people.

The Park hotel at Ontario was gutted by fire Wednesday morning. Fire of mysterious origin was discovered about 2 a. m. The estimated damage is \$25,000, and the lives of some twenty guests were endangered.

Mrs. B. H. Spicer has discontinued her boarding house, having been in ill-health lately.

Miss Etta Franklin, teacher in the grammar school, was called to her eastern home by the critical illness of her father.

H. Bradstreet, who recently sold the Bradstreet Bootery here to Messrs. Kirk, has entered the same business at Compton.

W. C. Cline, builder of the new city jail, has his work on the building done and it is certainly a credit to the town.

The Pomona indoor baseball team was defeated by Upland here Tuesday night. Cucamonga again went down in defeat at the hands of Upland last night.

Mr. and Mrs. W. P. Arden have gone on an extended trip to the Grand Canyon and the extreme east.

The marriage of Minnie Haines and W. F. Stewart occurred in Los Angeles, April 28.

Victor Chowning and Della Jane Barker hied away to San Bernardino Monday and were married.

Officers of the city are having a problem with the boys. Sunday night the Methodist bell was given three taps while the service was going on. Officer Redmon and assistants were on the job, but the boys were too fleet of foot and got away.

T. Calloe, who has been looking after the business of the Sierra Power Co. here for some time, has been transferred to Alameda.

Loren Hoffman and wife have gone to Brawley, where they will be located for the summer.

Mrs. T. Schumate left Saturday for Phoenix, Ariz.

C. A. Beard and family have moved to Sherman to make their home.

A nine and a quarter pound boy was born to Mr. and Mrs. Chad Francisco May 1.

H. A. Hostetler has returned from Fresno, where he went to look at some alfalfa land with a view to purchasing.

H. J. Lindgraf left Sunday for Sullivan, Wis.

I. B. Staples and family have moved to Los Angeles. He was formerly in the employ of the Santa Fe here.

There is some excuse for getting sick, but none for staying sick when it is possible to get Chiropractic adjustments.

## ATTENDANCE OF SCHOOLS GAINS

**Per Cent of Attendance in San Bernardino County Schools Above Average**

Boys and girls in the elementary and secondary schools of San Bernardino county are attending school in increasing numbers every year and the fiscal year 1927 broke all existing records for attendance.

Reports completed by Walter E. Morgan, chief of the division of statistics and research, state department of education, show the total average attendance in the elementary and secondary grades increased from 14,555 in 1925 to 21,549 in 1927 in San Bernardino county.

Making the courses of study more interesting and bringing them up to date, fitting the school program to the student instead of warping the student to old-fashioned methods of instruction and the new type of teacher who is more of an advisor and "pal" to the youthful scholars is responsible for the increased attendance, according to William John Cooper, state superintendent of public instruction.

The total average in the elementary schools was only 13,152 in 1925, but it reached 16,124 in 1927. The average in the secondary grades in 1925 was only 1,403 and 4,591 in 1927, Morgan's records show. The attendance in the entire state increased from 561,004 to 718,162 over the two-year period.

Although eighty per cent is an excellent average daily attendance for any school, students rolled up an average of 82.8 per cent in the 105 schools of San Bernardino county. The total enrollment per class was 29.4 and the average number of pupils in daily attendance was 24.4. The average total enrollment per school was 165.80 and the average attendance was 137.30 students per school.

These figures are compiled by Morgan and submitted in a report to Governor Young and then distributed to all county superintendents of schools for their information so they can make comparison between the situation in their own counties and the other fifty-seven California counties.

They are also distributed to educators all over the United States that they, too, may make comparison between their own states and California. In this way, a county with a good record, such as San Bernardino county's showing, gains considerable advertising throughout the country, Morgan says.

considerable advertising throughout the country, Morgan says.

## Registration Again Resumed In County

With the presidential primary election out of the way, County Clerk Harry L. Allison this week mailed out books to registrars throughout the county and the task of registering voters for the August primaries and the general election in November will begin immediately.

The registration for the presidential primaries was 42,309, the heaviest in history. Of this registration 2,677 electors declined to state their party affiliation and were without a vote at the primary election.

Mr. Allison predicts a great increase in registration between now and the general election in November and even before the August primaries.

# Protect Your Investment in Your Model T Ford

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to make parts until, as Henry Ford himself says, "the last Model T is off the road."

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer.

So that you may get the greatest use over the longest period of time at the lowest cost, we suggest that you take your Model T Ford to the nearest Ford dealer and have him give you an estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure may enable you to maintain or increase the value of the car and give you thousands of miles of additional service.

No matter where you live you can get these Ford parts at the same low prices as formerly and know they are made in the same way and of the same materials as those from which your car was originally assembled.

Labor cost is reasonable and a standard rate is charged for each operation so that you may know in advance exactly how much the complete job will cost.

### At the Churches

#### FIRST MENNONITE CHURCH

Lester Hostetter, Minister  
Sunday school at 9:30 a.m. Special Mother's Day program. Morning worship at 10:30. Sermon, "Mary, the Mother of Jesus." Christian Endeavor Societies meet at 7 p.m. Evening worship at 8 o'clock. Sermon: "The Spiritual Significance of the Home." Prayer Service Wednesday evening at 7:30. This will be followed by a special congregational business meeting. Every member is urged to be present.

#### UPLAND PRESBYTERIAN CHURCH

R. C. Stone, Pastor  
Rev. Wallace T. McAfee is to speak in the Upland Presbyterian church Sabbath morning and Mrs. McAfee in the evening. Mr. and Mrs. McAfee went to China on their wedding trip. They were missionaries there for some three years and well started in their work when the war trouble broke out. Their station was pillaged and all that they had taken by the looters. Mrs. McAfee and the baby were taken to the coast in safety and for three days did not know whether Mr. McAfee was dead or alive. They have been in this country for several months now and this church considers it a great privilege to have them give their message here on next Sabbath. All interested are invited. Sabbath school meets at 9:45 a.m. Special Mother's day services. The Young People's meeting is held in the evening at 6:30. The Wednesday evening prayer meeting is held at 7:30. The lesson for this week, "Joseph's Last Days." Genesis 50:15-26.

#### FIRST CHURCH OF CHRIST, SCIENTIST

S. E. Corner Euclid Ave. and G St. Ontario, Calif.  
Sunday school at 9:30 a.m. Lesson sermon at 11 o'clock. Subject, Soul and Body. Wednesday evening testimony service at 8 o'clock.

#### BETHANY UNION CHURCH

San Antonio Heights  
The worship Sunday afternoon is to be conducted by Dr. E. L. McCartney, San Antonio heights. The service begins at 4 o'clock. The Junior Christian Endeavor begins at 9:15 in the morning. Sunday school at 2:45 in the afternoon.

#### ST. MARK'S CHURCH

Euclid Avenue and F Street Upland, Calif.  
Rev. Bert Foster, D. D., Rector  
Fifth Sunday after Easter—Sunday school 9:30 a.m. Holy communion and sermon 11:00. Tuesday—Regular vestry meeting at the home of G. A. Hanson at 7:30 p.m. to arrange for summer services.

#### METHODIST EPISCOPAL CHURCH

Upland, California  
James A. Staveland, Pastor  
Morning worship, 11 a.m. Mothers' Day sermon, "Mother." Evening worship, 7:30 p.m. Pantomime, "The Reverie of Mother Macree." Address "The Man of Mother's Dreams."

#### Other Services

7:00 a.m. Morning worship. 9:45 Church school. 6:30 p.m. Epworth League services: Intermediate theme, "Choosing Friends." Leader, Louise Morton; high school theme Anniversary Day. Leader, Francis Wilson; young peoples' theme, "The Life that Wins." Leader, Mr. W. W. Mather.

#### Boy Scout Teams

Vie For Laurels

Three Upland troops entered in the annual rodeo at the Los Angeles county fair grounds on May 25 promise to take high places in the two divisions. Because of their superior performance at the rodeo in the last two years, troop 3 has been transferred from the junior to the senior division. Two years ago the troop won high honors, and last year took a majority of places. Troop 1, which is a rapidly developing troop, is also in the senior group. Activities in this division include bridge building, tent pitching, fire by friction, and signaling. Members of troop 3, which has been recently organized, are also working on the demonstrations, and expect to place high. This new troop is sponsored by the American Legion. Considerable rivalry for honors is expected to develop between the teams and the local troops 1 and 3 due to their past record and careful training which they are now having. Norval Jordan, scoutmaster of troop 1, states that he believes that both groups will be high ranking in the rodeo.

Do not neglect to test your brakes at frequent intervals.

### Dairymen To Make Inspection Tours

Dairymen in Upland, Cucamonga and Alta Loma will be represented in a dairy tour, including two dairies Monday. At the April meeting of the board of directors of the San Bernardino county farm bureau cow testing association, plans were made for two short dairy tours to be held during May and June. The tour will start at 9:30 from the Gerber dairy on East Highland. The subject to be discussed at that place will be "Raising Dairy Calves—How and at What Cost." At 10:30 o'clock the Oshun dairy, also on Highland avenue, will be visited, with "Irrigated Pastures Used in Rotation," and "Grinding Hay for Dairy Feed," to be discussed. "Feeding According to Production," will be the topic discussed at the county farm, San Bernardino, at 11:15. A short business session will be held under the direction of M. W. Mathis, president of the Cow Testing association.

Motor vehicle registrations in Venezuela show a gain of more than 500 per cent during the past six years.

### Legal Notices

#### NOTICE OF ANNUAL MEETING OF STOCKHOLDERS OF ETIWANDA WATER COMPANY

NOTICE IS HEREBY GIVEN that the Annual Meeting of the Stockholders of the Etiwanda Water Company, a corporation, will be held on Tuesday, the 15th day of May, 1928, at two o'clock p.m., in that certain building known as "Cypress Hall," situated on the south side of Victoria Avenue, in Etiwanda, San Bernardino County, California, for the purpose of electing directors for the ensuing year and for considering and acting upon the proposition of repealing all of the existing bylaws of said corporation and adopting in lieu thereof new bylaws, and for the transaction of such other business as may lawfully come before the meeting. Dated April 30, 1928. THOMAS DONNELLY, Secretary of the Etiwanda Water Company 86-4

## UPLAND---

## A Model City

A city convenient, substantial, and sanitary:

Where the homes of the rich and poor alike are beautiful and comfortable;

Where the streets are broad, clean, safe, and ornate, and the sky-line is clear as the country air;

Where the architectural excellence of its buildings add beauty, charm, and dignity to its business thoroughfares;

Where parks, playgrounds, and schools are within easy reach of every child;

Where living is pleasant, toil is honorable, and recreation is plentiful;

Where education and art are encouraged and the distressed are lifted up;

Where industry thrives and brings prosperity alike to employer and employed;

Where capital is respected though not worshipped;

Where commerce in goods is great, but not greater than the exchange of ideas;

Where worth and not wealth count most;

Where interest in public affairs is a test of good citizenship, and devotion to public weal is a badge of honor;

Where government is honest and efficient, and the principles of democracy find their fullest expressions;

Where there is no race or creed prejudice or oppression;

Where each generation vies with the past to transmit to the next a city better, greater, and more beautiful than the last.
